

Activity 6: Creating Common Language Study Groups

Supplies Needed:

- One paper copy of the Common Language Discussion Questions *per team or participant* (found on the CD as well as on the next page). Make copies as needed for educational purposes only.
- One flipchart/set of markers per team.

Directions to Facilitator:

- After they have heard the overview presentation about Career Clusters, have participants work in small groups to discuss the scenario and respond to the questions.
- If time permits, have groups report out and then summarize comments from all the groups to set direction for next steps and resources needed.
- Allow approximately 20 to 25 minutes for activity.

Common Language Discussion Questions

1. How does the Career Clusters Framework/model help all stakeholders (educators – secondary, postsecondary; business and industries; local communities) focus on competencies required for success in an industry sector?
2. How does the Career Clusters Framework/model encourage all stakeholders to coordinate and collaborate on workforce preparation?
3. How can the Career Clusters Framework/model help stakeholders stretch limited resources?
4. Create a logo depicting the use of the Career Cluster Framework/model as a common language.
